The LaundryPass **FULL** Kiosk model, is our ultimate payment center with a myriad of possibilities to service the range of needs for your customer. This fully automated kiosk can take the place of an employee, by allowing contactless cards to be purchased from the machine directly, through a card dispenser. Value can be added to the contactless card via a bill validator and credit/debit card inserter.

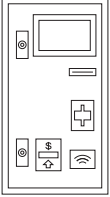

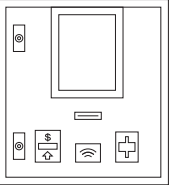

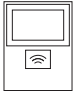

\*NOTE: LaundryPass systems with credit card inserters/swipers do NOT include credit card processing, cloud gateway or cloud monitoring. Credit card services requires a broadband internet connection. Not provided by LaundryPass.

 TLP-ECO612L	5.75W x 12.5H x 3.5D in	✓	×	×	×	×	×

The LaundryPass **ECONOMY** model is designed for locations with infrequent usage, like multi-housing laundry rooms. The **ECO614BNS** contains a bill validator but no stacker (The bills collect inside the box.) The **ECO126L** comes with a cam lock and features a swipe style credit card reader, that charges a preconfigured amount. The **ECO612L** is the same as ECO126L but in vertical orientation. Programming keypad not included.

**The LaundryPass system** is designed to serve your business' high-volume traffic with ease, through our unique contactless card system. Card value is added at the payment kiosk, via the credit card inserter, or bill validator – configurable to accept \$1 to \$20 bills, and upgradeable to accept up to \$100 bills. The kiosk can also be managed locally with the included keyboard and optional display. The rear access option provides access to the other side of a wall for an adjacent office. Our card readers are plug-and-play, and don't require network connectivity. Cards not included. Unless indicated otherwise, LaundryPass payment kiosks are securely constructed out of high-gauge steel, featuring T-handle tubular locks with proprietary anti-vandal measures, including resistance against forced-entry attacks through uniquely designed doors with concealed hinges.

\*NOTE: LaundryPass systems with credit card inserters/swipers do NOT include credit card processing, cloud gateway or cloud monitoring. Credit card services requires a broadband internet connection. Not provided by LaundryPass.
